- A-Immediately before the greyhounds are drawn for any meeting, and before 9o'clock on every subsequent evening during the continuance of such meeting, the time and place of putting the first brace of greyhounds into slips on the following morning shall be determined. A card or counter bearing a corresponding number shall be assigned to each entry. These numbered cards or counters shall then be placed together and drawn indiscriminately except as provided in Rule 102. Such classification once made in a Stakes, shall not be disturbed throughout the meeting except for the purpose of guarding, or on account of byes or where dogs and bitches are drawn separately, in which case the dogs shall be drawn first and the bitches next, the first bitch drawn meeting the last dog if the number of dogs are uneven. Dogs and bitches may be drawn separately in a nominator event. A club shall not vary their method of draw without the prior permission of the Executive Committee.
- B- The draw for a coursing meeting shall be held at least three days before the day of the meeting, unless by special permission of the Secretary of the Irish Coursing Club. Date, time and venue of draw to be included in coursing club meeting advertisement.
- C- The order of running shall be arranged at the draw, but if on the second or any subsequent day a stake or stakes are added to the card of a meeting at which an important Cup event is being held, the order of running may, with the approval of the Stewards, or Executive Committee members present at the meeting, be changed so as to enable the chief event or events on the card to be run off at the most suitable time, and any such added or minor events shall not interfere with what the Stewards and Executive Committee members present consider the best way of running out the important events on the programme.
- D-Reserves to a maximum of two for an eight dog stake, four for a sixteen or thirty-two dog stake and six for a sixty-four dog stake may be permitted, except in the case of the Derby and Oaks, where the winners of all Reserve Dog and Bitch Trial Stakes, which are not already engaged in the Derby and Oaks shall be listed as reserves, (as per Rule 163 (B)), under the following conditions:

- (i) -The reserves shall be drawn at the same time as the draw for the meeting is made marked by the letters A, B, C, D and they shall be listed on the programme with the full particulars and code letters and shall be called in that order
- (ii)-Vacant places shall not be filled by reserves if they are not nominated and declared as reserves at the time of draw. If a greyhound not included at the time of draw wins a stake, it shall be declared ineligible.
- (iii)-No owner or partnership with a greyhound in the stake may have a reserve in the same stake, even if there is no other reserve available, except in the case of the National Meeting and nominator event.
- (iv)-A greyhound shall not be entitled to a bye if its original opponent has been replaced by a reserve in accordance with this directive during the first round of the stake.
- (v)-As a vacancy occurs at slips and not earlier, the first reserve will take its place in slips.
- (vi)-Reserves must take their place on the programme in the following manner. The dog drawn as first reserve shall replace the first absentee, the second reserve shall replace the second absentee, etc. No absentee will be replaced by a reserve except in accordance with this directive.

- (x)-In stakes where dogs and bitches are drawn separately, dogs must run against dogs and bitches must run against bitches when reserves are called on as far as possible.

#### **102.-Guarding. (Amended 2002)**

A-Where an owner or partnership has two greyhounds entered in the Stakes they shall be guarded in the draw, one in the top half and the other in the bottom half of the draw.

B-Where an owner has two dogs in a Stake, there shall be a preliminary draw to decide which will be placed in the top half and which will be placed in the bottom half of the programme, prior to the draw being made, due care must be taken to ensure compliance with Rule 101 (A) in regard to dogs and bitches.

In the case of the National Meeting, there shall then be a further draw to decide what position in the draw such guarded greyhounds would occupy in the top half of the draw.

C-If however more than two entries in a Stake are taken in one name, they, if bona fide the property of the same owner or partnership, shall be guarded throughout (See Rule 73). This shall be arranged, if possible, by bringing up greyhounds from below to meet those which are to be guarded.

D- This shall not, however, deprive any greyhound of a natural bye to which he may be entitled, either in the draw or running through the stake. The withdrawal at any time of a greyhound from a Stake shall not deprive a greyhound of a bye, accidental or natural, to which it would have been entitled had the withdrawn greyhound remained in the Stake.

E-Greyhounds whose position have been altered in consequence of guarding or of byes shall return to the original position in the next round, if guarding does not prevent it.

F-Greyhounds running in the name of a nominator shall not be guarded.

#### **103.-Cup Holders.**

Any owner or owners who have won a stake to which a Cup is attached shall be entitled to an entry in such event until the Cup or trophy is won, provided an entry is sent by the owner or nominator within seven days of the publication of the programme of the meeting in the "Sporting Press", or at any later date prior to the draw, provided that the full number of entries have not already been received. The original conditions under which a trophy is competed for shall be adhered to, unless altered by the consent of the parties interested.

#### **104.-Byes.**

A-A natural bye shall be given to the lowest available greyhound in each round. No greyhound shall run a second such bye in any stake unless it is unavoidable. (2008)

B-When a greyhound is entitled to a bye, either natural or accidental, his owner or nominator may run any greyhound he selects, to assist in the course. (See 107b).

C-In a bye course, natural or accidental, if the greyhound runs a single-handed bye, and if, following a judge's decision to have the course re-run for any reason, a second greyhound shall not be put in for the re- run course. (2008)

D-No greyhound shall run any bye earlier than his position on the card entitles him to do.

E-A natural bye shall be run at the end of the round in which it occurs.

F-The slip and course in a bye shall be the same as in a course in which a decision is required, and the judge shall decide whether enough has been done to constitute a course, or whether it must be run again, and in the latter case the judge shall give the order.

G-If at the commencement of any round in a stake, one greyhound in each course of that round has a bye, those byes shall not be run, but the greyhounds shall take their places for the next round as if the byes had been run.

H-A bye shall be run before a greyhound can claim the advantage of it.

J-Byes or participation in winnings through being entitled to byes shall count as courses won.

K-A greyhound must run his bye course to be entitled to the prize money for the next round.

### **105.-Stewards.** (As amended 1993 and A.G.M 1995).

#### **A-Slip Steward**

Every club promoting a public meeting shall appoint a Slip Steward, whose duty shall be:

- (1)- To see that the right greyhounds, both in courses and byes, are brought to slips in their proper turn and that each greyhound is wearing its correct collar and muzzle which shall be worn by each greyhound when each greyhound is being identified by the Control Steward;
- (2)- To report to the stewards, without any delay, any greyhound that does not come to the slips in time;
- (3)- To report to the Stewards any act on the part of the slipper, nominators, owners or their representatives, which he may consider should be brought to their knowledge. If a nominator, owner, or his representative refuses to comply with the directions of the Slip Steward, or uses abusive or insulting or threatening language towards him, he shall at once be reported to the Executive Committee A Slip Steward may not act as both Slip Steward and Flag Steward at a coursing meeting.

**B-Control Steward.** The Secretary of the Irish Coursing Club may, at his discretion, or on the direction of the President, or the Executive Committee, appoint or authorise a Control Steward to attend and act at any meeting held under I.C.C. Rules, and the club holding the meeting may collect the sum in accordance with Appendix A(6) per entry from the owners of all greyhounds entered at the meeting to defray expenses.

**C-Acting Stewards.** See appendix F.

### **106.-Postponement of a Meeting.**

A meeting appointed to take place on a certain day may, if a majority of the committee and the stewards consider the weather unfit for coursing, be postponed from day to day but if the running does not commence within the current week, all nominations shall be void, unless the President and Secretary of the I.C.C., acting for the Executive Committee, shall otherwise direct.

### **107.-Taking Greyhounds to the Slips** (As amended AGM. 1995).

A-Every greyhound shall be brought to the slips in its proper turn, without delay, and wearing the proper collar and muzzle. Any greyhound competing in a stake and not wearing its proper collar and muzzle shall be subject to a penalty at the discretion of the Executive Committee.

B-If, according to the report of the Slip Steward, a greyhound is absent for more than three minutes from the time the preceding brace are in slips, its opponent shall be entitled to claim the course, subject to the discretion of the stewards, and shall, in that case run a bye except in the first round where a reserve is available, in accordance with Rule 101 D.

C-If both greyhounds be absent at the expiration of three minutes, the stewards shall have power to disqualify both or to fine their owners. The owner, trainer or attendant shall be answerable for his greyhound being put into slips at the right time and on the correct side. Penalty in accordance with Appendix A(9).

D-No allowance shall be made for mistakes; but if the wrong greyhounds shall have run together in any round and the mistake is not discovered until another round has been run, no objection may be made, and the course shall stand as run.

E-No greyhound shall be put into slips for a deciding course within twenty minutes after its course in the previous round, without the consent of the owner.

### **108.-Control of Greyhound in Slips**

- A-The control of all matters connected with slipping the greyhounds, or permitting them to be placed in slips, shall rest with the stewards of a meeting
- B-Owners, trainers or attendants after delivering their greyhounds into the hands of the slipper, may follow close after them, but not so as to inconvenience the slipper, or in any way interfere with the greyhound.
- C-In open coursing an owner, trainer or attendant, after putting his greyhound in slips, may go forward to catch his greyhound, but shall keep well clear of the run of the hare, and shall go forward on the same side as his greyhound is in the slips, except where the stewards may decide that it is advisable for both parties to go forward on the same side. Anyone infringing this Rule may be fined a sum in accordance with Appendix A(10) at the discretion of the stewards.
- D-Any greyhound found to be beyond control in slips may, by order of the stewards, be taken out of the slips and disqualified after consultation with the judge and all bets on that course shall be void (see Appendix G).

**109.-Greyhounds to Wear Collars.**

- A-All greyhounds shall wear collars of a minimum width of 2 ½ “. The collar shall be red for the left hand side and white for the right hand side of the slips.
- B- The upper greyhound on the card shall be placed on the left hand and the lower greyhound on the right hand of the slips.
- C-Should the greyhounds by any neglect or oversight be allowed to run in the wrong collars, the greyhound to whom the Judge awards the course shall be the winner and all short odds shall be paid accordingly (see Appendix G)

**110-The length of Slip. (Amended 2013)**

The length of slip should ensure that the hare is turned in the half moon/playground area. The slipper shall not slip the dogs, if in his opinion, the hare is unfit to be coursed.

**111-Control of Greyhound in Slips.**

If one greyhound gets out of slips, the slipper shall not let the other go. ' In any case of slips breaking, and either or both greyhounds getting away in consequence, the slipper may be fined at the discretion of the stewards. The slipper shall only use slips of a type approved by the Executive Committee. Carrying or lifting greyhounds off their feet, or holding them in a manner likely to cause hurt or injury, shall be prohibited.

**112-Decision of the Judge.**

- A- The Judge shall be subject to such general rules as may be laid down by the Irish Coursing Club for his guidance. He shall, on the termination of each course, immediately and publicly deliver his decision. He shall not recall or reverse his decision after it has been declared but no decision shall be delivered until the judge is perfectly satisfied that the course is absolutely terminated.
- B- The flags and signals in use are as set out in Appendix E.

**113-Principles of Judging.**

The Judge shall decide all courses upon the one uniform principle that the greyhound which does most towards driving the hare to cover during the continuance of the course is to be declared the winner. The principle shall be carried out by estimating the value of the work done by each greyhound, as seen by the Judge, upon a balance of points, according to the scale hereafter laid down, from which also are to be deducted certain specified allowances and penalties.

**114-The Points of the Courses: (Amended 2013 and 2015)**

- A- The points of courses shall be.
  - (1) Speed-which shall be estimated as one, two or three points, according to the degree of superiority shown.
  - (2) The Go-bye- Two points, or if gained on the outer circle, three points.
  - (3) The Turn-one point
  - (4) The Wrench-Half a point.
- B-In estimating the value of speed to the hare, the Judge shall take into account the several forms in which it may be displayed, viz."
  - (1) Where in the run up a clear lead is gained by one of the greyhounds, one, two or three points may be given, according to the length of lead, apart from the score for a turn or wrench. in awarding these points, the judge shall take into consideration the merit of a lead obtained by a greyhound which has lost ground at the start, either from being unsighted, or from a bad slip, or which has had to run the outer circle.

- (2) Where one greyhound leads the other so long as the hare runs straight, but loses the lead from her, bending decidedly in favour of the slower greyhound of her own accord, the one greyhound shall score one point for the speed shown, and the other greyhound one point for the first turn.
- (3) Under no circumstances may speed without subsequent work be allowed to decide a course, except where great superiority is shown by one greyhound over another, in a long lead to cover.
- (4) If a greyhound, after gaining the first six points, still keeps possession of the hare by superior speed, he shall earn double the prescribed allowance for the subsequent points made before his opponent begins to score.
- (5) Definitions of the points of courses
  - (a) The Go-bye shall be where a greyhound starts a clear length behind his opponent, and yet passes him in a straight run, and gets a clear length before him.
  - (b) The **Turn** shall be where the hare is brought round at not less than a right angle.
  - (c) The Wrench: Where she only leaves her line to suit herself and not from the greyhound pressing her, no points shall be allowed.

### **115-Allowance in Courses.**

The following allowances shall be made for accidents to all greyhounds during a course, but in every case they shall only be deducted from the other greyhounds score.

A-Where a greyhound loses ground at the start through a bad slip, the judge shall decide what amount of allowances shall be made, on the principle that the score of the foremost greyhound is not to begin until the second has had an opportunity of joining in the course, and the judge may decide the course or declare the course to be undecided or no course as he may think fit,

B-Where a hare is very decidedly in favour of one of the greyhounds, after the first or subsequent turns, the next point shall not be scored by the greyhound unduly favoured, or only half his points allowed, according to circumstances. No greyhound shall receive any allowance for a fall or an accident except as provided for in Rule 119, or when he falls pressing his hare, in which case his opponent shall not count the next point made.

C-If one dog goes unsighted or where one remains unsighted and the other turns the hare, the course will be awarded to the greyhound turning the hare.

This Rule does not override Rule 115 A, if a hare is not turned or the other dog has not an opportunity to join in the course.

In explanation of unsighted courses above, it should be noted that if both dogs go unsighted and the hare is, as a result not turned during the course, both must go back to slips at the usual point in the meeting. Again, if both dogs are unsighted initially or at any time during the course and where one remains unsighted and the other subsequently turns the hare before it goes into the escape, that dog will be awarded the course. The same principles apply to judging in open coursing.

### **116-Penalties**

A-Where a greyhound, from his own defect, refuses to follow the hare from slips shall lose the course.

B-Where a greyhound willfully stands still in a course, or departs from directly pursuing the hare, no points subsequently made by him shall be scored; and if the points made by him unto that time be just equal to those made by his antagonist in the whole course, he shall thereby lose the course; but where one or both greyhounds stop with the hare in view, through inability to continue the course, it shall be decided according to the number of points gained by each greyhound during the whole course.

C-if a greyhound refuses to fence where the other fences, any points subsequently made by him shall not be allowed; but if he does his best to fence and is foiled, the course shall end there. Where the points are equal, the superior fencer shall win the course.

D-A dog which has been disqualified by the judge at two coursing meetings, not necessarily in the same season, for refusing to follow, automatically stands disqualified for the season, and if he is subsequently disqualified he will stand disqualified from running at all coursing meetings.

### **117-Second Hare.**

If a second hare be started during a course and one of the greyhounds follows her, the course shall end there.

### **118-Greyhound Getting Loose.**

It shall be an offence, for which a fine may be imposed by the Executive Committee, for any person to allow a greyhound to get loose and join a course in which he is not competing. The course shall not necessarily end when a third greyhound joins in.

### **119-Interfering With A Greyhound.**

If, in the opinion of the judge, there has been outside interference with the running of a course, he shall withhold his decision pending consultation with the stewards, who shall have the authority to permit him to award the course to either greyhound. Any person deemed to have interfered with the running of a course shall render himself amenable to the jurisdiction of the stewards.

#### **120-No Course-Uncecided Course (Amended 2010).**

- A-(1) There shall be a "no course" when by accident or by the shortness of the course the greyhounds are not tried together, and if one be then drawn the other must run a bye, unless the judge, on being appealed to, shall decide that he has done enough to be exempted from it.
- (2) An undecided course shall be one where the judge considers the merits of the greyhounds equal, and if either is then drawn, the other cannot be required to run a bye, but the owners shall at the time declare which greyhound remains in.
- (3) The judge shall signify the distinction between a "no course" and an "undecided course" by waving his hand in the direction of the slips for a , "no course" and taking off his hat in the case of an "undecided course."
- (4) After an "undecided" or "no course", if the greyhounds before being taken up get on another or the same hare, the judge shall follow, and shall decide in favour of one, if he considers that there has been a sufficient trial to justify his doing so.
- (5) A "no course" or an "undecided course" may be run off immediately, if claimed on behalf of both greyhounds before the next brace are put into slips, or in the case of a "no course", it so ordered by the judge, when neither greyhound has coursed the hare. Otherwise it shall be run again after the next **FIVE** courses, unless unavoidably it stands over until the next morning, when it shall be the first course run.
- (6) If it is the last course of the day, fifteen minutes shall be allowed after both greyhounds are taken up.

B-Termination of Course. In a bye course in open coursing, the judge shall draw the flag of the competing greyhound to indicate the Course has terminated. A greyhound handled before the flag is drawn is automatically suspended.

#### **121-Explanation by Judge.**

The judge shall render an explanation of any decision only through the stewards of the meeting, before the third succeeding course, if required to do so through them, by the owner or nominator, or representative of the owner or nominator of either of the greyhounds engaged in the course. The stewards shall, if requested to do so, express their opinion as to whether the explanation is satisfactory or not, and their opinion in writing may be asked for and published afterwards, but the decision of the judge, once given, shall not be reversed for any cause.

#### **122-Withdrawal of a Greyhound. (As amended AGM 1992, 1993 and 2000).**

The Identity Card of the greyhound must accompany the explanation.
- (3) In all cases the registered owner or joint owners of the greyhound are the person or persons responsible for complying with instructions and Rules in relation to distressed, injured or ill greyhounds.
- (4) Where a Veterinary Certificate is produced in the circumstances set out above, it must clearly amplify the reason for certifying that the greyhound is unfit to compete. Certificates not complying with the above instructions shall be returned for further information and/or clarification.
- (5) The acting Veterinary Surgeon may seek a second opinion if another Veterinary Surgeon is available on the grounds. Where the Veterinary Surgeon certifies the dog fit to course, he shall take his place in the next round.
- (6) The final decision will be made by the acting stewards of the meeting.
- (7) Any greyhound absent from a meeting, for any reason (other than postponement or abandonment through weather conditions, e.g. frost, fog, snow or flooding, where the stewards of the meeting decided, with or without an inspection, to postpone or abandon the meeting) or withdrawn during the course of the meeting shall not be permitted to compete at any other meeting for 12 days to date from the final day of the original meeting. If, following

a stewards inspection, for frost, fog, snow or flooding, they decide to proceed with the meeting, the owner shall in those circumstances have permission to withdraw his greyhound without incurring penalty. If a dog which is so debarred is entered for and competes at or is not withdrawn from that other meeting or meetings before the draw takes place, the owner shall automatically be fined, if a satisfactory explanation is not submitted, a sum as specified in Appendix A (11). Any greyhound competing in a stake which, during the course of the running of that stake, is found to be so debarred, shall immediately be withdrawn from the stake.

- (8) Any greyhound otherwise absent is ineligible to compete within 12 days until the owner's explanation for the absence has been received and accepted by the Secretary of the Irish Coursing Club, who will issue an authorisation to compete, which must be presented to the Control Steward. If he so desires to withdraw his greyhound, provided he subsequently contacts the Secretary of the I.C.C. and obtains his written permission to compete within twelve days, which permission must be presented to the Control Steward at this subsequent meeting or meetings, he may so withdraw his greyhound. Where an owner opts to allow his/her greyhound to compete following such an inspection, then he may not subsequently withdraw his/her greyhound on that day, without incurring any of the disabilities under this rule.
- (11) See also Rule 89 F. Greyhound withdrawn on direction of stewards.
- B-With the exception of all-aged events, where a greyhound is entered for two meetings to be run at the same time, be they one-day or two-day meetings, the owner may opt to compete at either or both of these meetings provided that in the case of a one and a two day meeting that the greyhound competes and is beaten on the first day of the two day meeting. A greyhound shall not be entered in all-aged events at two meetings to be run at the same time, be they one or two-day meetings. Any greyhound so entered shall be deemed ineligible to compete in either meeting and the owner or agent shall be subject to disciplinary action by the Executive Committee and such greyhound shall not be permitted to compete at any other meeting for 12 days from the final day of the meetings from which it was deemed ineligible to compete.
- C-In cases other than injury or illness where an owner is consistently late for slips or fails to course his dogs in other circumstances and if it appears that the said owner or agent is bringing the sport into disrepute, he may be called before a meeting of the Executive Committee to explain these actions and the case may be dealt with in accordance with Rule 288- Discreditable Conduct.

- C-If-three greyhounds remain in a stake and two are the property of the same owner and the third greyhound is entitled to a bye, the owner of the two greyhounds can run them against one another and allow the winner to meet his opponent's greyhound in the final, or he may withdraw anyone of his two greyhounds and run the other against the greyhound entitled to the bye.
